

Engineering Students Uniform

This year Engineering students' PPE/uniform will be a mix of the below:

Blue Overalls from £17.99

Polo shirt with logo on £15.00

Fleece with logo on £25.00

Cargo trousers £21.00

Steel toecap work boots available from Screwfix or Toolstation from £17.99

Please discuss this with your Lecturer when you come in at Enrolment.

The uniform will be available for purchase through the A Sporting Choice (ASC) Website at www.asportingchoice.co.uk - In the "Schools" tab section, click on "Brooklands Engineering".

A Sporting Choice offer a click and collect service, delivery service or in store fitting by appointment (book online). In the summer holidays please allow up to 2 weeks for processing and completion of orders so please order your uniform as early as possible.

Out of season processing is normally 2/3 days.

It is advised to book an appointment via the "Book Appointment" tab on the home page if you are unsure of your sizes. This way you will secure a 30 minute appointment for a fitting, with the aim of taking away your "Engineering Workwear" the same day where possible. Unfortunately, during the busy period ASC cannot guarantee a walk-in service.

If you do not have access to a computer or internet or need any assistance please call A Sporting Choice on [01932 241404](tel:01932241404).
