

The £45m investment into our Weybridge campus is underway.....

The investment will transform the college and help us achieve our vision to be an inclusive centre for lifelong learning and to equip our learners with the professional behaviours, skills and values that they will need for their careers.

Work started officially on-site in July 2024 and progress has been impressive. There are currently 3 buildings being renovated, with the first one due for completion in early Spring 2025. During this term, we have also launched a Low Carbon Centre, which will offer a range of innovative retrofit courses, developed in partnership with industry experts, to equip the local workforce with the knowledge and skills to deliver sustainable construction projects.

Louise Punter, Dr Ben Spencer, Christine Ricketts, Lorne Richardson.

Low Carbon Centre Opens

We were delighted to welcome Dr Ben Spencer, MP for Runnymede and Weybridge and Louise Punter, CEO of Surrey Chamber of Commerce to open the Low Carbon Centre. This project was made possible through the Local Skills Improvement Fund programme from the Department for Education. [Find out more](#)

Education Agreement

The redevelopment of the wider site has presented opportunities for the college to work with Cala Homes to offer meaningful employer-centred activities that are valuable for students, the college and Cala Homes.

Carpentry and bricklaying work experience and site visits will start in January and the college is also exploring a photography timelapse project for media students. Media lecturer, Karim visited the Cala Homes site to explore further.

Join the Brooklands Technical College community

We remain fully committed to all students to ensure minimum impact on their college experience during the estate redevelopment. For those wishing to join the college in September 2025, applications are [open online](#), or visit the college at our next open event. [Find out more](#)

New internal images and progress outlined at a Redevelopment Update Event, held in December. [Find out more.](#)

As 2025 progresses, we will be holding update events to report on progress of the redevelopment, in the meantime, if you would like to find out more about the redevelopment of Brooklands Technical College please [visit our website](#) or contact us on estatesproject@brooklands.ac.uk

Any queries regarding the Brooklands Grove development, should be directed to Cala Homes at info@brooklandsgrove.co.uk
