

A Year of Transformation

As we come to the end of 2025, we would like to share the estate redevelopment highlights, as well as some exciting news about the future of Brooklands Technical College.

Standalone Future Announced

Brooklands Technical College has confirmed that it will continue as a standalone provider, offering exceptional technical education for students across Surrey, following a recent review.

Phase One & Two Review

March - The Edge Building

The first of our refurbished buildings was completed, creating a vibrant learning environment for our Education & Early Years, Science, Travel & Tourism, Public Services and Sport students.

September – The Tower

After months 'under wraps', once unveiled and with a new striking exterior, the Tower makes an impressive statement as you enter the College. It's a dedicated classroom space for English & maths and ESOL, as well as accommodating our Pre-16 Foundation Pathways students on the top floor.

September – Barnes Wallis

As we started the new academic term, we opened the Barnes Wallis building and students were able to enjoy the new dining/breakout space, as well as brand new facilities for the catering and hair & beauty departments. Also located in this building are **Brooks Restaurant** and **Brooks Hair & Beauty Salon**, which opened to the public in October.

Phase Three

The next phase of the build is the construction of a new main entrance, sports hall & gym, café and community hub. Once completed, this will create an impressive entrance to the College and a pedestrianised, safe and secure campus.

Work started in the summer and is expected to be fully completed towards the end of 2026.

Photo: Rear view of the entrance and community space, taken from Brooks Restaurant.

Phase Four

The construction of a new Special Educational Needs and Disabilities (SEND) facility, which will be located towards the rear of the Campus.

The new Vickers building will provide specialist post-16 SEND provision and with additional investment by Surrey County Council, will increase our student capacity to 260.

ADULT INFORMATION ENROLMENT EVENT

Weybridge Campus

WEDNESDAY 26th November 4.30pm–7pm

See all the new facilities and have a chat about our part-time courses in welding, ESOL, functional skills, GCSE maths intensive course and online courses.

[Book Now](#)
